

2022 JV Baseball Recap

The JV Baseball Team finished their season with a 4-4 record. This group of boys improved all season long with pitching performance, timely hitting, and a solid defense which was a highlight of the season. The Eagles became more acclimated to a sign system and understanding the importance of executing some of the little things of the game such as bunts and hitting behind runners to advance a guy into scoring position. Some of these boys will step up next season and fill key positions on Varsity.
