

2023 Middle School Baseball Season Recap

Stratford Middle School Baseball was unexpectantly young this year with several of our eighth-grade leaders moving up to play JV and Varsity. I was encouraged by the young players' grit and confidence by the end of the year despite competing against more mature competition. The Eagles finished 9-11 with six loses by one run. With all the experience this young team gained, Stratford will be able to finish these close games with wins.
