

2020 Varsity Boys Lacrosse Season Recap

Our 2020 Varsity Boys Lacrosse season was like no other. We were off to a great start of the season. First year coach Tom Jones had prepared new concepts, drills, and strategy for our team. We had 22 boys that were excited about getting started. Then the rains came. We had to adjust and improvise on multiple occasions, but we all found a way to get it done. Our season opened at home against 5-A Effingham County. Eventually the game got away from us, but upon game film review, we were able to learn quite a bit about some of the changes we had implemented.

Next up was a weekend trip to Augusta to play 5-A Evans and Grovetown. Both games were played on fields that had been decimated by all the rain, however we managed to get the games in losing a well-played game to Evans on Friday night and then soundly whipping Grovetown Saturday morning. The overnight trip was a great time for our team and coaches to get to know each other better and enjoy some competition and fellowship.

Next up were perennial powerhouses Starr's Mill and McIntosh, both 5-A schools. Both games were a real struggle for us, however we fought on and made progress.

The Starr's Mill game was on Thursday, March 12. Right before the game started, we heard that the GHSA was considering suspending all spring sports until further notice. As it turned out, our season had ended. We were all disappointed for our seniors especially, but for our entire team. We had to play all 5-A schools to start the season but were heading into the next part of our schedule against schools that were more our size. Unfortunately, we were done.

Our team was comprised of four seniors, ten juniors, four sophomores, and three freshmen. Seniors Hampton Tiller and Raelen Jones were four-year lettermen. Seniors John Bickley and Carter Barfield were two-year lettermen.
